Collins and Craig Agree on Boundary Commission

London, Feb. 15 (By the Associated Press).—Michael Collins, head of the Irish provisional government, has obtained the release of fifteen of the 175 Irish Unionists recently kidnapped. It was announced in the House of Commons today by Winston Churchill, Secretary for the Colonies.

Mr. Collins hoped that more of the prisoners would be liberated during the day, the Secretary added.

Mr. Churchill said that at his suggestion Premier Craig of Ulster and Mr. Collins had agreed to the appointment of an impartial commission who would go to the border area, ascertain the facts and keep in close touch with each other in order to ally, if possible, the great apprehension existing on both sides of the border.

A general election will be held in Ireland within two months to elect a Parliament. Michael Collins announced this evening. Collins said he was satisfied with the result of his conference with Colonial Secretary Winston Churchill.

Shot Down by Snipers in "Night of Terror"

Belfast, Feb. 15 (By the Associated Press).—The twenty-seventh death from mob violence in this city and suburbs during the past four days occurred this morning.

Five men were shot to death between midnight and 11 o'clock. Two were killed in the Bloomfield district and one in Springfield avenue. All had evidently been shot by snipers. A number of others were wounded.

Belfast passed through a wild night of terror with sniping and bombing in many of the streets.

Hundreds of civilians have barricaded their houses and are afraid to venture outside the doors.

Large forces of soldiers and police are patrolling the streets.

At midnight a man was found dead in one of the bullethole streets. He had been shot in the back and his head had been beaten to a pulp.

A workman who had been fatally injured while repairing street car tracks died in a hospital.

Street railway men and mill workers were fired upon indiscriminately by the terrorists who are apparently affiliated with the Sinn Féin movement.

The excitement quieted down late in the morning and by early afternoon the city had begun to appear normal.

Irish Leader Warns Britain of New War Danger Unless Conditions Are Remedied

By HAYDEN TALBOT, Universal Service Special Correspondent.

Special cable to Universal Service.

Belfast, Feb. 15.—A secret meeting of the Free State cabinet today was held at the residence of the prime minister, Michael Collins, in London.

At the meeting, Collins, who was accompanied by Arthur Griffith and Dick McKelvey, made it plain to the cabinet that he was determined to demand from Lloyd George an evacuation of the British armed forces from Ireland.

As a result of this conference Collins got from Lloyd George a guarantee that evacuation would be requested immediately.

My sources of information are generally confidential, but are authentic to the degree. From what I learned I can state authoritatively that Collins presented the following facts to Lloyd George:

1.—The British troops are not being withdrawn from Ireland.

Harvard Professor Found Not Guilty of Attack on Negro Policeman

Guilty of Attack on Negro Policeman

James A. Duncan, an instructor at Harvard, was found not guilty today for a jury in the Superior Criminal Court of assault with a knife on David A. Blair, colored, a policeman who said Duncan and the young woman who is now his wife to move on when he found them standing in a doorway on Camden street, May 1.

The jury was out an hour. The trial began on Monday.

Mrs. Duncan testified that she and Duncan had attended a dance and were returning to the Franklin Square Hotel, where she roomed.

On arriving there, Duncan suggested that they walk into the hotel to get their things. Blair, who was standing in the doorway, told them to get out.

They stepped into a doorway and Duncan received a remark alleged to have been made by Blair.

An argument developed and Duncan was arrested.

Increases the action of the intestines

Hundreds of men and women have already found freedom from laxatives by eating Fleischmann's fresh yeast.

"Doctors are now agreed that proper stimulation of waste matter should be brought about by food. One doctor comes right out and states plainly that the indications for use of cathartics are of the nature of constipation."

Physicians all over the country are recommending Fleischmann's fresh yeast because it is a fresh food, rich in the elements which keep the intestinal healthy. In case of constipation, normal functions were restored in from 3 days to 5 weeks.

Try it out for yourself. Begin today adding 3 or 4 teaspoons of Fleischmann's yeast to your everyday diet. Keep it up and see how normally and regularly your intestines act. Be sure it's Fleischmann's. Fresh yeast is sold in 100-grain packets with the yellow label. Place a standing order with your grocer.

PETITION TO CONGRESS For Action on Soldiers' Bonus With Sales Tax to Pay It

WE respectfully petition Congress to pass the soldiers' bonus act without further delay and also to levy a sales tax to obtain the money to pay the bonus, for the following reasons:

FIRST: Public opinion throughout the United States is unambiguously in favor of the soldiers' bonus as shown by the decisive majority in every State in which a popular referendum has been taken: In Maine by 3 to 1; New Jersey by 3½ to 1; New York nearly 2 to 1; Rhode Island 8 to 1; Wisconsin 3 to 1; Oregon 2 to 1; Washington 2½ to 1, and so on.

SECOND: We believe that Congress if permitted to vote on the soldiers' bonus bill will favor it with even greater unanimity, regardless of party, than the popular majority by which the people in twenty-two States have already approved it; we believe that the soldiers' bonus cannot and ought not to be defeated and that the longer it is postponed, the greater the injustice.

THIRD: We believe the new tax scheme proposed by the Ways and Means Committee is only a little less objectionable than Secretary Mellon's proposal for three cent postage and for a new three-cent-a-gallon tax on gasoline. Proponents of such taxes oppose any soldiers' bonus whatever and hope by linking it with such new destructive and unpopular taxes to kill the proposition altogether.

FOURTH: If the soldiers' bonus is not only right, but inevitable, and if the United States is not to lag behind England, France, Italy, Canada and Australia, which have already paid liberal soldiers' bonuses, then our payment is already long overdue, not as a debt (for our debt to the soldiers can never be paid), but as a just tribute to the valor and the sacrifice of the men who won the war.

FIFTH: The only question that remains is: By what system of taxation shall the money be raised? Not by bond issues, because it is against the traditional policy of the United States to increase debt in time of peace. Not by any irritating, unreasonable or destructive tax on individuals, business or industry, because we already have too many such taxes. A small general sales tax will raise more than enough to pay the soldiers' bonus. It will be heavy on no one. If the experience of Canada and our own Philippine Islands, where the sales tax is in operation, is repeated, the system will meet with such favor that it will become one of the approved methods of raising necessary revenue after the soldiers' bonus has been paid.

BYRON READY TO CONSIDER PLACE IN THE SENATE

Has No Intention, However, of Waging a Contest in Florida

By Associated Press. Miami, Fla., Feb. 15.—William Jennings Bryan, reporting to many of his friends that he was ready to consider the possibility of being a candidate for the Democratic nomination for U. S. Senator from Florida, today issued a statement in which he said:

"I am not at all actively engaged in politics for more than thirty years. With the exception of two that occurred in 1896 and 1900, I have not been a candidate for office. I have no thought of serving the public without the consent of the people."

"If the Democrats of Florida felt that a Senator I could render a service to the State and to the party, I am willing to consider the possibility of being a candidate for office. I have no thought of serving the public without the consent of the people."

PROPER STORES NOW SELLING 'HOOGH'

Price of Drinks Cut by Competition, Police Officials Tell Legislators

"Hoogh" is now being sold in Boston grocery and fruit stores as well as in liquor stores, according to the police, today by Boston police officials, during the course of a hearing before the legislative Committee on Local Affairs.

It was stated that because these stores dealing in "hoogh" the price for drinks was dropped from fifty to fifteen cents during the past year. Many young men and women who were previously buying "hoogh" for prohibition have been victims of the "hoogh" evil, according to the police.

Fletcher Hawley, chairman of the Boston Licensing Board, said that at the present time it was impossible to control or eliminate objectionable places where men were buying "hoogh" for prohibition. He said that arrests for drunkenness were being averaging about a month and the licensing commission was powerless.

James H. Devlin, secretary to the Commissioner of Public Safety, said that the police were actually selling liquor, only 25 cents a glass, and that the price for drinks was dropped from fifty to fifteen cents during the past year.

LODGE SPEELS AGAIN FOR RE-ELECTION

Tells General Court Republican Party Record Deserves Support

Henry Cabot Lodge opened his campaign for reelection to a fifth term in the United States Senate with a stirring, address, political address to Republican members of the State Senate and House, assembled at the Hotel Brunswick.

Reviewing in detail the accomplishments of the first year of the Harding administration, Senator Lodge declared that the Republicans have "a record worthy of the party," and that Massachusetts should give its stamp of approval.

Senator Lodge charged that the Republicans, upon coming into power, had not only failed to undo the economic wrongs which any party in the country has ever been held responsible for. The Democratic organization in Congress had failed to undo the economic wrongs which any party in the country has ever been held responsible for.

CITIES G. O. P. LEGISLATION.

Seeking to disprove this "no-bidding" charge of the Democrats, Senator Lodge told of appropriation reductions, enactment of the Revenue Act, the Budget Act, the Emergency Tariff, the Veterans' Bureau Act, Immigration Restriction Act, Farm Loan Bill, the Army and Navy Appropriation Bills from the last Congress, the War Finance and Agricultural Loan Act, the Federal Highway Act, Cable Act and a bill for funding of the foreign debt.

LADIES HARDING.

In recounting in detail the accomplishments of the International Commerce for the Limitation of Armaments and for the Far East, called for President Harding, Senator Lodge lauded the President as follows:

CONGRESS SUPPORT.

Governor Cox told the Republican legislators that the Republican platform had been carried out in this State. He asked for support of the State financial program, which, he declared, would "make possible this year the reduction of the state debt by \$2,000,000 and will in addition reduce the tax rate by 10 per cent and reduce the State tax by at least \$2,000,000 more."

Pharmacists Indorse American's Drug Bill

Ex-Mayor William E. Weeks, representing the Massachusetts State Pharmaceutical Association, which has over 1,700 members, appeared before the Legislative Committee on Public Health in favor of the Boston American bill to provide a minimum penalty of one year and a maximum of five years in prison for illegal sale of narcotics.

Resolved, That the Massachusetts State Pharmaceutical Association in convention assembled deprecates the increasing use of habit-forming drugs which corrupt the morals and shatter the health of unfortunate addicts; that this association favors State legislation increasing the penalties imposed for violation of the law regulating the sale and use of such drugs and concurs with the sound judgment and wise recommendation of His Excellency the Governor "that Congress be memorialized in favor of the passage of legislation that will make the Massachusetts standard a national standard uniform throughout the country."

And be it further resolved that this organization is opposed to the enactment of Senate bill 140 as unnecessary legislation, creating a new board with additional expense, and in no way contributing to more effective regulation of the sale and purchase of narcotics and prevention of the abuses of the drug traffic by the criminals who smuggle and deal in drugs.

Fuel Administrator Hultman Sends Inquiry to Hoover and Mine Operators

State Fuel Administrator Eugene C. Hultman took formal action today to obtain from the highest official source in the country an exact statement of how conditions of Massachusetts are likely to be affected by the threatened coal strike expected to begin April 1.

Hultman has had a conference with the highest officials in the United States concerned with the problem of a series of questions in the following lines:

"The people of Massachusetts are depending on the coal supply in the region to their domestic fuel supply. What they will do if there is a coal strike on April 1?"

"If there is a strike, will it be of such long duration as to imperil our health and comfort during the next winter?"

"If we shall be stuck up with the present high price of coal?"

Hultman's inquiry was directed to Herbert Hoover, Secretary of Commerce; Edmund Mitchell, chairman of Interstate Commerce Commission; and Joseph E. Eastman, a Massachusetts man who is a member of the commission. Nelson H. Calkins, chairman of the Federal Trade Commission, and John L. Lewis, president of the United Mine Workers, Indianapolis, are, as well as a number of the largest coal operators.

LONG RESIGNS AS MINISTER TO CUBA

Washington, Feb. 15.—Hon. W. Luns, American minister to Cuba since 1915, has tendered his resignation to take effect at once.

Mr. Luns, who has been in Cuba for over three years, has been in the United States since the war.

He has been in the United States since the war.

HE HAS SPENT TWO YEARS IN THIS CRIB

WHO WILL BUY THIS BRAVE YOUNGSTER A NEW CRIB?

His name is Clarence Nymann. He lives with his widowed mother at No. 416 Franklin street, Cambridge. The mother has to support him and three other children. He has not moved from this bed for two years, being crippled from his neck to his knees. He does not complain. The crib is falling apart.

CRIPPLED BOY NEEDS NEW CRADLE

Little Clarence Nymann hasn't moved for two years.

He's been in a place of pain ever since his mother died.

From his neck to his knees he's been in pain.

All day long he stares up at the ceiling. And dreams of the time to come when the doctor says he'll be like other fellows.

Which means that he'll be able to go to school, skating, and play like other boys on the sidewalk.

Wedding Postponed When Girl Is Held on Theft Charge

Sobbing, pretty Frances Surtees, in the Woburn District Court today, admitted she had taken \$500 worth of Liberty Bonds from Mrs. Alice M. Buck of Wilmington, for whom she worked.

The girl told the police she was engaged to marry Harold Harrison of East Boston. Harrison was out of work and in order to hurry along the wedding she took the bonds.

She was held in \$500 for the grand jury. Her fiancé was sent to jail in default of \$1,000 bail.

Their wedding is indefinitely postponed.

ASKS DENBY TO CARE FOR NAVY JOBLESS

By Associated Press. Washington, Feb. 15.—Establishment of a government employment service within the Navy Department to facilitate redistribution among government departments of men released through operation of the naval limitation agreement was recommended to Secretary Denby today by Samuel Thompson, president of the American Federation of Labor, and a committee representing navy yard workers.

The delegation also suggested that the work of scrapping ships be assigned to navy yards and connected with the work of the navy.

The delegation's program included the proposal that at least one equal ship be retained for completion as one of the two post-outland vessels which will ultimately replace the battleships.

MISSING CASHIER U.S. TO CONTROL INTERSTATE FLYING

Springfield Man Who Flew With Divorce Faces Charge of Taking \$20,000

Springfield, Feb. 15.—Roger Lane, cashier of the local branch of the National Blackout Company, was arrested as an accomplice at Edmonton, Alberta, Canada.

With him, his wife, formerly Edith Macchi, the pretty divorcee, whom he married prior to his flight January 18, and her two children.

It is alleged that between \$2,000 and \$20,000 was taken by Lane before he left. The couple were married in New York city January 19.

Lane's hidden beauty is brought to light with a Golden Shanon—ad.

MARTIAL ET ARMAND and a truck that would render one equally fascinate at different hours of the day. Stretched at the left is the ridge, of mauve chiffon and mauve satin. It is built on precisely the lines accepted for a woman's daytime dresses—blouses, bodices, wide sleeves and deep placed skirts, which, in this instance, slip under a detached panel at the back.

The bodice is of mauve chiffon, with a giraffe and cuffs in a deeper tone of mauve, while the skirt is of pale mauve satin.

THE same material accented the whiteness of a white velvet afternoon frock with deep bandings of black astrakhan. The simply made bodice, which fastens at the shoulder with a brilliant pin, has armholes as deep as its waistline and wide, deep astrakhan cuffs. And the skirt, which is attached with moderate fullness, is banded nearly half its length with the astrakhan which weights it into graceful folds.

MOTION PICTURE NEWS

By FRIEDA DAVIS.

THE motion picture column of the American is a year old. During this past year I have written about the movies as I saw them, have told of the players as they impressed me, have given you their views as I heard them, and have told of the angles of the motion picture industry that have interested me.

Now how about you? Have these been the angles that interest you? Do you care about hearing how pictures are made, or do you prefer to hear only of the stars? Do you like to know the "inside workings" of the studios or less about the technical end of it and more about the players?

Some time ago there was an editorial in the Photoplay Magazine saying that if your local motion picture theatre isn't giving you the films you want, then kick to the manager. On the other hand, if you like his films, Photoplay went on, tell him so. That's how he'll know what you want. A motion picture column is like a theatre in this respect: it will give you what you want IF YOU ASK FOR IT.

I want to know how many readers I have. I want to know if I'm telling you what you want to know about pictures. In what part of the industry are you interested? What sides of studio life would you like to hear about? What new screen personalities are you watching with interest, either producers, players, directors or authors? Write me your opinions. I'll send ones, or those that lend themselves to discussion, will be printed in this column, though editors should not be too lengthy. As Photoplay said: If you're not setting what you want, say so. If you like what you're getting, then say that!

THE FIRST SHOT!

E. J. K. of Brooklyn is one of the first to set down his views in black and white. He asks for the old-time films in which the villain was plainly marked "Villain," and the hero stopped at nothing to save the heroine. It is a plea for the "thriller" in place of the modern "society drama."

Moving Picture Editor,
"Boston American."

"I believe," he writes, "that a more or less public discussion of the movies, such as can be held in the columns of a paper like yours, an excellent thing for the business, for it is an almighty big business, one that more people are interested in, in this country, than any other."

"It may be a bit old-fashioned, but I must say that I like the early movies—where most of the plots were built around stirring chase over the plains by cowboys mounted on their frog machines, where the villain was always pursuing the death, either by shooting or hanging."

"Those old pictures were packed with thrills, and the action was fast and continuous; there were no harrowing delays while the heroine emitted yards of gush, via the captions, or the hero declared himself in ringing sentiments that rang everywhere but in real life, via the same captions."

"I realize that the great demand for variety and new pictures is the cause of this, but I believe that it could be alleviated without harming the supply of material. And it's my candid opinion that most film fans feel the same way, but really haven't any chance to express themselves about the matter."

(Signed)
"E. J. K.,
"Brooklyn."

FRIEDA HEMPEL SOLOIST OF HARVARD GLEE CLUB

A crowded house was on hand last night at Symphony Hall for the concert given by the Harvard Glee Club, assisted by Frieda Hempel, perhaps one of the most popular sopranos who has sung in Boston lately.

Dr. Davidson had arranged a program which was interesting, but not as lively as the usual type of thing that one associates with glee clubs. In short, the trend of the whole thing was a bit too heavy and could have been greatly improved by the inclusion of at least one of the Latin songs.

The two groups of the Hempel sang were a perfect delight. Not only the audience, but the club members contributed loud and continued applause.

BOSTON CREDIT MEN ASK AID FROM LEGISLATURE

Boston credit men appeared before the joint Judiciary Committee to urge passage of a bill on guarding of chattel mortgages, bills of sale and assignment of accounts. It is for the protection of houses doing a credit business.

Credit men, according to Edward P. Tuttle, president of the Boston Credit Men's Association, who addressed members at Young's Hotel, have been victimized repeatedly through customers "selling" accounts on which credit is largely extended.

Toll of 'Flu' Greater than World War

"Flu" Is in the Air

Wherever crowds gather—in street, elevator, shop, theatre or office—deadly influenza germs lurk in the air you breathe.

Caution should be your watchword. The influenza epidemic of 1918-19 snuffed out more lives than the greatest catastrophe in history—the World War.

In the present emergency commonsense demands that you protect yourself and those about you by strengthening your resistance to disease.

Take Hill's Cascara Bromide Quinine Tablets regularly and avoid colds, headaches, grippe, constipation and other strength-sapping disorders that weaken your resistance to deadly influenza germs.

Whenever there is a drug store you will find Hill's world-famous C. B. Q. tablets in red boxes bearing Mr. Hill's portrait and signature. Keep a box at home and office—never be without one. While "Flu" lurks in the air avoid danger by regularly taking Hill's Cascara Bromide Quinine.

Mr. Hill Says—

The present emergency calls for calmness and common sense—not hysteria and fear.

Shun crowding crowds. Walk on the sunny side of the street. Exercise. Get plenty of sleep. Avoid fatigue, colds, headaches and constipation. Take Cascara Bromide Quinine tablets regularly—and don't worry about influenza.

For colds, headaches, grippe and influenza, C. B. Q. Tablets are best by far. Like no other quinine tablets they disintegrate and start work in ten seconds, giving quick relief.

Hill's Tablets are sure, safe, dependable. They leave no bad after effects—no "head noises." Convenient and pleasant to take.

IS HE DIZZY? Most folks think he is to try a stunt like this, but he says he never suffers from vertigo. Alfonso Korte, New York Y. M. C. A. physical director, did this stunt 200 feet up at 5 below zero.

LIFE'S LESSON! Mrs. Baldwin of Brussels, 102, the oldest woman in all Belgium. Her story should teach folks to save when young. She was once a famous actress, but failed to save. With old age came poverty. (Underwood.)

"THE GROWN-UP LADIES" have their fashions laid on this page nearly every day, so here's one for the youngsters. New pongee slip, worn over bloomers, held at the knee with a cuff and embroidered in colored yarn. (Underwood.)

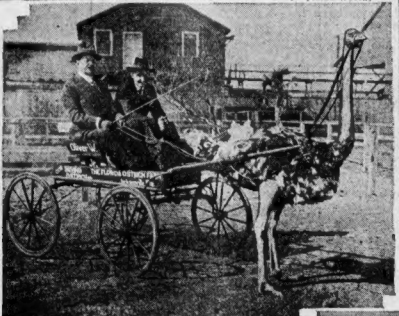

YOU CAN'T KEEP A GOOD MAN DOWN! Folks who remember Max Wiley when he was welterweight wrestling champion of the world, know the truth of this. When Wiley gave up wrestling he decided to become a dancer. His work has won the approval of such critics as Mardlin and Pavlov. Merdlin was one of his early teachers.

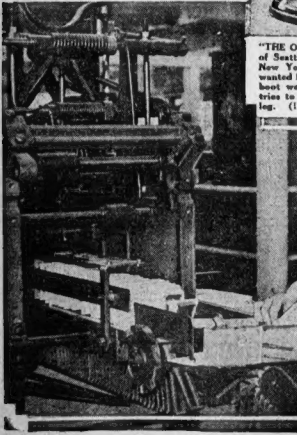

REMEMBER WHAT HAPPENED TO EVE! A "love apple" (nothing like the original) has been developed out in Los Angeles and the other day it was eaten by Miss Ruth Y. Miller. Result can be seen on third finger. (Wide World.)

REV. HELENE UL-RICH, who will take a complete charge of the Junior Church of the Church of Divine Paternity in N. Y. Her work will be entirely with young folk. (International.)

STUCK UP! After many years of experience, a Chicago manufacturing company has perfected a machine which not only makes a complete envelope at one operation, but turns out a triplicate envelope—an envelope used in most of the churches of the country. The machine turns out the envelope so perfectly that it is impossible to detach any one of the three without injury. This machine does the work of 30 persons. (Underwood.)

"THE OREGON BOOT!" Detective Yorle of Seattle brought this dainty slipper to New York to take back Carl Hoffman, wanted for theft in the Western city. The boot weighs 80 pounds, and if Hoffman tries to jump off a train it will break his leg. (International.)

AFTER COMBING GERMANY FOR THE LARGEST COMB THIS IS WHAT THEY FOUND! When the smoke and powder of battle cleared away in the recent comb contest in Berlin, the young lady on the right was declared the winner of the first prize. Her comb measured 13 inches in height, not counting the teeth. The young woman to her left won the second and third prize-winners, respectively. The curlicues hanging around the background were the judges. They needn't ever worry about a comb for themselves. (Wide World.)

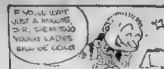

"WHO A, MAN-O-WAR, JR.?" To visitors of Jacksonville, Fla., this galloping ostrich is a strange sight. The big bird takes the bit just like a horse. Those two men are visiting Shriners, who come rather proud of their charge. Everyone knows how fast an ostrich can cover the ground. (Wide World.)

HUNTINGTON MEET AGAINST HARVARD '25

In Dual Indoor Track Games at the Huntington Avenue School Gymnasium
By Fred C. Lane

The athletic program for the school year today is something unusual so far as an competition goes. It is a fact that such track meets and hockey games are played at midweek. Huntington School is the Harvard Freshman in a dual track meet at the Y. M. C. A. gymnasium. That is the feature of the day's happenings.

In addition to this banner attraction the Commerce-Boston Latin track meet, slated for the East Avenue Y. M. C. A. gymnasium, is one of the leading public high school events of the season. The schools are friendly rivals, but when meeting in a meet of this kind there is a general turnout from both.

For years Latin and Commerce have been rivals in all sports and nothing has been left undone by the coaches.

The Cambridge Latin Center boys' team is placed at the head of the parade in this dual track meet. The Harvard Freshman team is also a strong one.

It is hard to tell what the result of the Huntington School event will be. The Cambridge boys are expected to win, but the Harvard boys are also a strong team.

Cambridge Latin will give its all in the meet. The Harvard boys are also a strong team.

There is little doubt that it will be the best dual track meet yet held in the Huntington School gymnasium.

That will make the afternoon event a most interesting one.

The Commerce school boys are favored to win their dual with Latin School. The Cambridge boys are also a strong team.

The first carnival of Boston University will be held at the Boston Y. M. C. A. gymnasium on February 27. It will have a grand march of all who will perform or compete. Each will be in costume.

All sorts of sports have been arranged for the carnival. The winners of the races and games will be the lucky skaters by whom had been named.

A feature event on the program will be the hockey game between the Harvard and the Cambridge teams. The game will be held at the Huntington School gymnasium.

The Cambridge Latin will give its all in the meet. The Harvard boys are also a strong team.

BREAK RECORDS AT HARVARD BANQUET

Every Fair and Racing Association Represented at Bay State Circuit Meeting

Some records were broken at the annual meeting and banquet of the Bay State Circuit, held at the Hotel City Club.

When seven hundred or more horsemen gathered for the day they had attended the greatest meeting and banquet ever held at the hotel.

With nearly every fair and racing association represented, the banquet was a success.

PHIL MOGUL DROPS CASES AGAINST OTHER CLUBS

By WILLIAM J. CHIPMAN
Universal Service Staff Correspondent

New York, Feb. 15.—The National League is satisfied that Sam Brodson and Squire Ebbetts did not try to wreck the Phillies. There was too much evidence that someone sent them to it by about three years ago.

At their annual meeting of the National League, the majority of the parent major league clubs have decided to drop the charges of William P. Baker, president of the Philadelphia club, against the Philadelphia club.

The Philadelphia club has been found guilty of tampering with the Philadelphia club. The majority of the parent major league clubs have decided to drop the charges of William P. Baker, president of the Philadelphia club, against the Philadelphia club.

HARVARD PICKED TO WIN TITLE HOCKEY GAME WITH DARTMOUTH

By CHARLES E. PARKER.

The "Rah! Rah! Rah" of Harvard and the "Wah! Hoo! Wah!" of Dartmouth will roar through the Arena tonight when the hockey teams of the Crimson and the Green meet in an ice battle upon which may hang the intercollegiate hockey title.

These teams, together with that of Boston College, have yet to be defeated by Harvard in the intercollegiate hockey title. Tonight one of the number is bound to be eliminated in the race for the championship.

Local hockey followers, although recognizing the Dartmouth team to be the best that has come out of Hanover in several seasons, generally favor Harvard's chances in this evening's fray.

Because of Harvard's location, the Crimson is able to arrange a much more extensive schedule than is possible at Hanover, and as a result has been able to arrange a much more extensive schedule than is possible at Hanover, and as a result has been able to arrange a much more extensive schedule than is possible at Hanover.

Engineers Will Have Two Dual Tournaments With the Blue at New Haven

Tak has two dual events on this Saturday's bill at New Haven in which Technology team will feature prominently. Technology's boxing squad is matched with the Blue position for one of the events and the wrestling team has the other end of the twin bill.

Initiating West Point's scheme of weekly eliminations to keep the men in trim for the next meet, who has the advantage of facing one which has been the best of the season, Technology's boxing squad is matched with the Blue position for one of the events and the wrestling team has the other end of the twin bill.

Coach Grew believes Harvard is the strongest team in the East, and despite Dick Higgins' record for the season, and the entire squad has been selected as the team to face Harvard in the championship match.

COACH DONOVAN YANKS PACK FOR PEABODY IN INSTRUCTOR FOR TRAINING TRIP SOUTH

Peabody, Feb. 15.—Martin J. Donovan, who is credited with being largely responsible for the excellent showing made by the Peabody High School team in basketball and football the past two seasons, is said to be a candidate for the position of physical instructor in the Peabody schools, a matter which is now under consideration by a special committee of the school committee.

The broadening of the program of athletics in the high school, and the training of the new and modern gymnasium in that building, together with the marked enthusiasm shown in the elementary grades, is believed to warrant the employment of a physical instructor for all the schools, who would have charge of the high school athletics.

Under the plan the athletic association would be placed of the burden of raising funds to cover the salary of the basketball and football coach, the plan that has been filled by Harry Donovan for the last two seasons.

FINANCE Stocks Close Strong in New York, Call Money 4%; Trading Is Active

AND BUSINESS

By A. C. FORD

That you are not a well-known person is not a disadvantage. It is a habit of springing into existence about certain types of men and even women.

Take Hety Green. She was always represented as controlling the line of Chemical Bank National City of New York, "Old Bullion," as being a wizard at selecting profitable investments, and as being very beyond precedent in all matters financial.

The truth is that Hety never owned but thirty shares of the Chemical Bank stock until 1917, when, through the payment of a thousand per cent. stock dividend, her holding was automatically increased to twenty shares on the advice and with the guidance of the Chemical Bank's experts; and her shareholding was listed of never known to her.

For example, she would never buy a mortgage without first going and making a thorough inspection of the property.

The popular impression as to very signification of the name Hety was well-founded. To one gentleman who had rendered her certain valuable services, she had given her own name, New Bedford, Mass., she made the "name" of the Chemical Bank, and she was to New York and wanted to give any letters he wrote to her to the Chemical Bank.

It was one of Hety's, according to her own confession, that Wall Street, a gentleman who came to borrow money was left to call his business and was left to call his business and was left to call his business.

One of the most widely-believed legends is that John D. Rockefeller was once asked to pay him one per cent. more. That fifteen minutes later he was asked to pay him one per cent. more.

That Mr. Rockefeller plays a most valuable game of golf for a man of his years is, however, no myth. I know—because he has liked me.

Everybody has heard, and doubtless has believed, that Edison was less than any other man about work and that he would not be bothered by the night without any sleep or with only a nap in any odd corner, where he happened to be working.

But the public's notion on this subject is pretty wide of the facts—very much exaggerated. This exaggeration is about the only thing Edison has in common with his biologists have told me. When ever any close associate wanted to get a "nap" out of him, he would tell him that he could not sleep as a camel can go without water.

Morgan's legends are numerous. The late J. P. was always pictured by the newspapers as a gruff old bear, incapable of unbending. The truth is that he was most genial when among his cronies. Also, instead of being stingy, he was extremely liberal—generous, full of sympathy, and so generous and so kind with money that his family and partners became somewhat of a burden to him.

I could go on and on, but "space" is full. (Copyright, 1922, by A. C. Ford.)
